## Tobacco Market War in Kentucky

### KNIVES ARE DRAWN IN KENTUCKY WAR ON TOBACCO PRICE

#### GROWERS OF OLD STATE WILL NOT SELL CROP ON THE MARKET.

#### BUYING OWN CROP

Price So Low Organizations of Farmers Are Taking Tobacco to Hold.

[BY ASSOCIATED PRESS.]  
Carlisle, Ky., Jan. 4.—Following impassioned speeches by growers and threats against buyers during which knives were drawn, the Burley tobacco market here was closed shortly after the opening today. Cooler heads among the hundreds of persons attending the sales prevented trouble.

Growers declared that to accept the prices offered by buyers meant bankruptcy.

Shortly after the market here was closed, it was reported that a crowd of several hundred farmers had started from here for Paris, 20 miles distant, with the intention of forcing the closing of the Bourbon county market there.

Called Off in Lexington.  
Lexington, Ky., Jan. 4.—All sales on the Lexington local tobacco market were called off for the day at 12 o'clock this morning. Low prices offered by buyers for the large tobacco manufacturing companies, was the cause.

Prices offered ranged from \$1 per 100 pounds to \$30. There were very few sales, farmers rejecting virtually all the bids.

Naturalists and the New Fayette warehouses, two of the largest in the city, were the first to call off their sales. Tattersalls called off their sales with the announcement that the farmers would not accept the prices being offered.

"Stop It!" Cried Crowd.  
The crowd of several hundred persons attending this sale, then went to the New Fayette warehouse corner "Stop It!" The management of the New Fayette, after a conference with the buyers, closed, and the crowd, augmented by the persons attending this later sale, started to make the rounds of the warehouses with the intention of stopping all sales. At 11 o'clock the Lexington Tobacco Warehouse association announced suspension of all sales for today.

REFUSE TO GIVE AWAY TOBACCO; CLOSE MARKET  
[BY ASSOCIATED PRESS.]  
Jaysville, Ky., Jan. 4.—Tobacco growers stopped sales at Jaysville warehouses today about an hour after the opening, the reason given being that they refused to give their tobacco away. The price ran from a half cent to 20 cents.

Growers from six counties, Mason, Lewis, Brecken and Fleming, Ky., local market. The county, Ohio, crowded around the buyers yelling and pushing buyers back. Tobacco that brought from 25 to 35 cents last year sold for 3 and 5 cents today.

Growers were called for 1:30 o'clock today. There are 3,500 to 4,000 tobacco growers from surrounding counties in Jaysville and feeling is running high.

CO-OPERATIVE MARKET FOR TOBACCO IS PLANNED  
[BY ASSOCIATED PRESS.]  
Lexington, Ky., Jan. 4.—Prepared to take over low grades of tobacco for which buyers, for the many years, have refused to pay, the Cooperative Marketing company today announced plans for a new market.

The average price of tobacco on the first day of the sales here was according to growers, a disappointing 10 cents. The figures of \$2.40 per 100 pounds was said to be below the cost of production and was \$25.50 per hundred pounds less than the average of the opening sales last year.

Total sales yesterday were 412,305 pounds while growers rejected bids for 132,000 pounds.

No action looking to the reduction of the size of the 1921 crop, but attempting to halt sales pending better offers for the tobacco, will be taken, according to John W. Newman, president of the association.

It will be selling what kind of prices are offered on the smaller Burley markets.

The Cooperative Marketing company, the stock of which is to be paid for in tobacco will attempt to market the lower grades abroad.

### Front Pew for Robber of Church

[BY ASSOCIATED PRESS.]  
Chicago, Jan. 4.—Parishioners of the Episcopal church at Winnetka, a fashionable suburb, are mystified as to the identity of the elderly gentleman who occupied a front pew Sunday morning after he had visited the choir room and secured all the valuables from the overcoats of the choir members.

Missing articles included the pastor's monogrammed silver cigarette case, a derby hat, and sums in cash ranging from ten cents to \$10.

The thief was first espied by Mrs. Archibald Shaw, the choir mother, who saw him in the choir cloak room. He explained that he was attending the services and lost his way. Later he was noticed among the congregation.

As the man left the church an usher shook hands with him and asked him to return. He promised to do so.

### MAKE ONE HELL OF ALL THE WORLD LENINE PROGRAM

SOVIET DECIDES THAT THIS IS THE WAY TO KEEP ATTENTION.

STRIKES A WEAPON

Got to Keep the "Bourgeois Enemy" Busy With Internal Trouble.

[BY ASSOCIATED PRESS.]  
Washington, Jan. 4.—A new policy of terror abroad, especially in nearby countries, has been decided upon by the Russian soviet, according to official advice from Moscow received today by the government.

Nikolai Lenin is quoted as saying in a proclamation to the communist committees of Europe that it is absolutely indispensable to keep the bourgeois enemy busy with internal trouble so they cannot injure soviet Russia.

"Great strikes should be organized throughout the world," the proclamation says, "and agitation for the establishment of commercial relations with Russia should be increased in order to fight famine and attack capitalism solidly throughout the universe these things should be done."

Lenine is quoted as saying other nations plan to fight soviet Russia by the use of spies seeking to enter Russia with the apparent purpose of organizing revolts against the soviet.

RUSSIAN SOVIET LEADERS DO NOT AGREE ON WAR.  
[BY ASSOCIATED PRESS.]  
Paris, Jan. 4.—The Russian soviet leaders are not in accord on the offensive campaign against the Baltic states which the Moscow authorities projected by the Moscow authorities, according to information in diplomatic circles here. The plan to make simultaneous attacks upon Latvia, Lithuania and Estonia, which would result in the Baltic states becoming part of the soviet empire, is being discussed.

The same objection does not exist with reference to an attack on Rumania. Such an attack would involve Poland, but a strong bolshevik sentiment is said to believe it would offer far greater advantages than an offensive in the north.

HOUSE OVERRIDES PRESIDENT'S VETO

Passes War Finance Bill Following Senate Action and It's a Law.

[BY ASSOCIATED PRESS.]  
Washington, Jan. 4.—The resolution reviving the war finance corporation became a law today with the adoption by the house over President Wilson's veto. The senate overrode the veto yesterday.

The vote in the house was 250 to 65, with three voting present, or 37 more than the required two thirds majority.

The vote was taken without debate after Representative Mondell, republican leader, had stated that since all members realized that the bill had raised no new question, it seemed wise to vote without discussion.

Officials of the war finance corporation said today the corporation would be revived immediately, but that necessarily some time must elapse before the actual making of new loans would begin.

Funds for making the loans must be raised by a bond issue, it was stated, and other preliminary matters must be cleaned up. While the corporation has a book balance of \$100,000,000, it is not available for use.

Seventeen democratic and 49 republican votes were needed to sustain the veto. Voting to override it were 135 republicans, 114 democrats and one prohibitionist.

### 214 Lives Lost When Spanish Ship Hits Rock

[BY ASSOCIATED PRESS.]  
Madrid, Jan. 3.—Two hundred and fourteen persons lost their lives when the Spanish steamer Santa Isabel was wrecked near Villarcid, Saturday night, says a telegram from Pontevedra. Fifty-six persons were saved, but many were injured. The captain of the vessel was severely hurt and it is not expected he will recover.

Many bodies have been washed ashore. In several cases whole families were drowned. Among the saved was an infant three years old, whose parents are believed dead.

Cadiz advisers say the ship was driven on the rocks during a tremendous storm, and the large number of deaths is attributed to the fact that the passengers had been confined to their cabins because of the violence of the storm, many of them being asleep.

The majority of those rescued were unable to speak on being landed, owing to their frightful experiences during the terrific storm and cold.

Meager details indicate the disaster occurred at 1:45 o'clock Sunday morning when virtually everyone aboard was in bed.

American Millions Spent to Maintain Polish Army and Not to Aid Starving

[BY ASSOCIATED PRESS.]  
Washington, Jan. 4.—Forty millions of the one hundred and fifty millions of dollars appropriated by congress for European relief was spent "to keep the Polish army in the field,"

PACKERS ARE HIT BY THIS DECISION  
District Court Upholds Government and Tells Packers to Split Up.

[BY ASSOCIATED PRESS.]  
Washington, Jan. 4.—Government objections to stock yard holdings of packers under a new decision of the district court in the case of the National Live Stock Association, Inc., against the government, were sustained today by Justice Stafford in the district supreme court.

Any acceptable plan must provide for early and complete divestment of all stock yard holdings, the court held. The government's contention that the packers' stock yard holdings were a necessary part of their business was rejected.

Justice Stafford informed the defendants in order to facilitate future litigation that the court could not set its way in considering plans to be submitted "to approve any plan for consolidation of the yards which is being held by a company or other person."

MILLIONS SPENT FOR RAILROAD EQUIPMENT  
[BY ASSOCIATED PRESS.]  
Washington, Jan. 4.—During 1920 railroads spent \$349,000,000 for new equipment according to Robert S. Shanker of the Association of Railway Executives. The largest expenditure was \$136,000,000 for 45,000 freight cars, and the roads, he said, are trying to make more cars to secure a better car situation.

Of 60,000 cars, purchase of 15,000 new locomotives for \$105,000,000 is planned and contractors have been made for 1,200 passenger cars to cost \$12,000,000. It would be impossible, he added, for the railroads to make large capital expenditures even if the new freight and passenger cars were not needed.

The roads are forced to go into a 7 and 8 percent money market to secure needed funds.

METHODISTS WILL TAKE ACTION AGAINST CARICATURE OF PULPIT AND PREACHER

[BY ASSOCIATED PRESS.]  
Washington, Jan. 4.—The public morals board of the Methodist Episcopal church announced today that it would inaugurate a campaign to stop the "controversial treatment of the pulpit ministry by some cartoonists, writers and actors."

"On the stage and in motion pictures," the board's announcement said, "the pulpit ministry is being represented except as an effeminate fool. The members of the church are exhorted to be liberal, to take humor and to be slow to wrath. But the members of the Roman Catholic church do not tolerate such treatment of their priesthood which is always represented on the stage and elsewhere in a most favorable way and whose religious duties are to be commended. The time has come also when protestants should not tolerate any other caricature of their religion and ministry."

The board added that the matter was being called to the attention of ministers of all denominations and their congregations with a request that "any violations of ordinary courtesy" be reported to the board, which would make them public.

### "VICIOUS MALICE" WAS IN HIS SOUL SAYS PROSECUTOR

JURY SELECTED AND CASE IS STARTED AT JEFFERSON TUESDAY.

FIGHT IN SIGHT  
Every Step of Trial Will be a Battle to Save Lynaugh from Pen.

[BY STAFF CORRESPONDENT.]  
Jefferson, Jan. 4.—State's Attorney John Baker opened the case of the state of Wisconsin against Mathew Lynaugh this morning following the selection of a jury and steadfastly stuck to the charge made by the state that when the Madison patrolman fired the shot that went through the heart of Carl Jandorf the Grand Rapids, Mich., he did it with vicious malice.

First Witness Called.  
William Heinze, Madison surveyor, was the first witness called. He was followed on the stand by Edward Nelson, photographer, and then W. C. Chabell, coroner of Dane county, to identify plates and photos for the state's case.

Carl Jandorf, the Grand Rapids, Mich., boy who died of a gunshot wound, was the state's star witness for the state and is expected to be placed on the stand tomorrow morning. She was across the street from the burning building and saw Lynaugh take Julian Lintley, a freshman student, from the mass of students on the campus at the point of a gun.

Co-Ed Witness.  
She claims she saw Jandorf interfere, then watched Lynaugh as he is alleged to have struck at Jandorf. She says the university youth struck back hitting Lynaugh in the face. Then she is expected to swear that Lynaugh leveled his gun and fired, hitting the youth in the heart with a heavy calibre revolver bullet, killing him instantly.

40 Students in Town  
There are more than 40 university students in Jefferson today to testify they were a part of the campus gang participating in the cap burning stunt of the freshmen. Attorney Baker held that the defendant was "most brutal" in his handling of the trouble arising over the cap burning.

The state will admit Jandorf attacked Lynaugh, striking him in the face during an altercation on the campus.

Names of Jurymen.  
The jury is composed of the following men: George Funk, telephone manager; William Moll, Watertown, farmer; John Kolbert, Watertown, manufacturer; Leonard Wagner, Oakdale, farmer; William Pulmy, highway patrolman; T. W. Jones, Kaukaia, farmer; Edward Finn, Koshong, farmer; Charles Sievert, Jefferson, storekeeper; Edward Wollin, Milford, farmer; and William Boese, Jefferson, farmer.

# DISARMAMENT IS GIVEN SUPPORT

Republicans Favor Program of Reduction of Naval Building Plans.

By DAVID LAWRENCE, Copyright 1920, by the Jamesville Gazette.

Washington, Jan. 4.—Disarmament may not be the basis for the new association of nations planned by the next administration. President Wilson will not avail himself of the privilege given him by the national conference to call a conference of nations to discuss the question of a reduction of armaments, there are indications that President Harding will call such a conference.

Members of congress who have been at the national conference are of the opinion that the new association of nations will not be a disarmament conference. The new association of nations will not be a disarmament conference. The new association of nations will not be a disarmament conference.

# And It Isn't Leap Year Any More, Brother

Jamesville bachelors stand by, and don't weaken.

Brother, if California comes the information that when women find that men will not come to them—women will go to men.

One bachelor here was rather caustic in his remarks about the modern women.

A man does not want an animated female partner, he wants a woman who will sit on his lap and wait for him to come.

One average male, uneducated and not analytic, many claim, responds quicker to the carnal call of a painted cheek than to the least intelligent appeal of faces less colored.

"Synthetic women," reads one dispatch, "are the product of the demand," quoting Miss Helen P. McCormick.

Clonopathy is it pointed out, is not a beauty, but rather a plain woman who understood the art of make-up. Plucked eyebrows and rouged cheeks are the only things common.

One Jamesville stenographer who evidently studies some of Clonopathy's methods wrote to the situation by remarking:

# VALUE OF CROPS IS LESS THAN IN 1919

General Decrease in Area of Cultivated Lands Is Recorded.

(By Associated Press.)  
Madison, Wis., Jan. 4.—The value of Wisconsin crops in 1920 amounted to \$1,100,000,000, or 10 per cent less than the 1919 value and 15 per cent lower than in 1918, although 147 per cent above the 1900 value, according to the annual report of the Wisconsin Cooperative Crop Reporting Service.

Seven representative crops in 1919 were valued at \$293,600,000, in 1920 at \$260,600,000, and in 1918 at \$240,600,000.

A general decrease in the area of cultivated lands was recorded in the southern part of the state, which was accounted for by the increased use of the land for other purposes.

The total area of land under cultivation amounted to 1,100,000 acres, an increase of 57,000 acres over the 1919 figure.

The 1920 crop year was marked by an above average season of all important crops, which was due to the unusually large acreage planted to "cash" crops.

# Wisconsin Five Beaten in Opening Battle, 13 to 12

## PURPLE WINS OUT BY CLEVER USE OF SHORT PASS GAME

Evansville, Jan. 4.—Wisconsin University opened the 1920 conference basketball season here last night, losing to Northwestern 13 to 12, in a tough and stubbornly fought game. A capacity crowd was out.

After making four personal fouls, Taylor, Badger right forward, was removed from the game, but Redie Williams, who took his place, continued the good work. Those two accounted for all of Wisconsin's points, each counting two field goals. Taylor increased the Badger score to 12 by four free throws.

Northwestern's team work proved superior to that of the Badgers, who played a long shot game. The Purple terrors relied on the short pass game and kept the Badgers on the defense. The Purple scored 10 to 8 at half time, and if anyone on the team had proven a capable free-throw shooter, would have won by a wide margin. With a dozen opportunities for free points, they registered only three.

Lineup: Wisconsin (12) Taylor, forward; Williams, forward; Palmer, forward; Holmes, forward; Tebbel, forward; Palmer, forward; Substitutions—R. Williams for Taylor; Palmer for Palmer; Field goals—Saunders (2), Patterson, MacKenzie, Holmes, Taylor, (2), Williams, (2), Tebbel, Saunders, (3), Taylor, (4).

Illinois, 26; Nebraska, 24. Champaign, Ill., Jan. 4.—Illinois opened up with Nebraska last night when they won a 26 to 24 victory. The Cornhuskers 26 to 24. The teams were close all the way. Reitsch led the Illinois scores. Summary.

Pittsburgh, Pa., Jan. 4.—After swimming 900 feet across the icy Monongahela river on a dare Sunday, Mike Ward of Bradock, formerly a well-known pugilist, was reported today as having suffered no ill consequences.

Ward, having made some joking comment about his being a "nice day for a dip," as he and a companion strolled to the river bank, the latter remarked, "You're afraid to do it."

"Watch me," was Ward's retort. In spite of efforts of his friend to dissuade him, Ward disrobed and plunged into the icy water.

After finishing his freezing stunt, Ward slipped off the ice dock to the rocks in the shallow water below, but was pulled out by workmen and taken to the dock house, where he had a rub-down and dressed, after he received his clothing.

# Prices went up a step at a time

**D**ID prices go up in a day? They did not. They can't come down in a day. Prices went up gradually from 1914 to 1919. Prices went up a step at a time. They can't come down by the bannister. **THEY MUST COME DOWN THE SAME WAY THEY WENT UP.**

The reason we were able to finance the war so well was because business was good—people bought and sold. The only way we can PAY for the war is by buying and selling—trading. And, moreover prices ARE down—for many commodities they are already down to lower level than they should be—things are selling for less than they cost to make. That is an impossible situation. If you won't buy the things the other fellow makes, HE can't buy the things YOU make. That is reasonable, is it not? And if he doesn't buy things you make—the shutters will soon be up on YOUR place of business. Those who are insistent to wait until things "crash" before they buy are not doing humanity a service, for nobody can sell things long at a loss.

The prices of overcoats, shoes, furniture, tires and so forth, are based on the cost of raw materials, labor, freight, etc., and profit to those who make, handle and sell them.

Your livelihood and prosperity are bound up in the livelihood and prosperity of other men—you can't deny that point. There is nothing fundamentally wrong with the country—we have bountiful crops, ample money, capable heads and hands. Business is a gigantic organization kept alive and active by trade coursing through its veins. When trade stops circulating—business dies. Your particular trade can't flourish in splendid isolation. The article you make you can't sell to men "out of a job."

True thrift is always wise, but a stubborn refusal on the part of some of the American public to buy the things they need NOW is simply slowing down the wheels of commerce that feed and clothe and house us ALL.

If you are on a buying strike—"forget it." Go out and buy today the things you need for the prices ARE down. If they are down further tomorrow or the next day or next month, you may not then be in a position to buy.

Stubbornness means ultimate disaster, and no one of us will escape the penalties.
